AD EXAMPLES

1 Full Page / Cover Ad

2 Half Page Ad

3 Quarter Page Ad

Photovoltaic Solar Panels
Lowest energy bills and pay for themselves in 5-7 years.

High Efficiency HVAC
Can reduce cooling and heating expenses by 10-15%.

Energy Efficient Windows
Can reduce heating and cooling expenses by 10-15%.

build a green home that's environmentally correct, and financially sound.

Energy efficiency pays. Because when you build homes that exceed Title 24 requirements by at least 15%, you can earn escalating financial incentives. And when you meet additional green initiatives, you can make even more. Some builders have already earned over \$5,000 per home in cash incentives! It's a statewide program, making it easy to participate with multiple developments. So what's good for the earth is also good for business. Welcome to California Advanced Homes. To get started, call your utility at their number below, or visit us at californiaadvancedhomes.com.

Don't worry, IT'S SMARTSTRAND.
There's the usual stain resistant carpet and then there's SmartStrand™ with DuPont™ Sorboth™. It takes stain resistance and durability to a new level. Stain protection is actually engineered into the fibers, so it never wears or washes out. It's so advanced, we offer lifetime stain protection that goes beyond that of other carpets. It's surprisingly soft and crush resistant, too. Learn more about this extraordinary carpet at MohawkFlooring.com.
